

Instruction and Care Guide

Wall blocking is required for all installation

The typical dimensions shown will result in vanity cabinet height of 34-1/4" (870mm) .
Depending on the sinks selected,the total height will vary from 35" (890mm) 37-3/8 (950mm) .
If an alternate height is desired,adjust the rough-in and backing material heights using the dimensions provided.

INOLAV takes great pride in the durability of its products, using materials and finishes designed to endure day-to-day use, and withstand the ever-changing humidity and temperature levels of bathroom environments. We recommend the following care instructions for your new furniture:

- 1) Only cleaning products specifically designed for furniture should be used, such as Pledge (we highly recommend Pledge Multisurface Cleaner) .
- 2) Soft cleaning products such as microfiber clothes may be used, but harsh or abrasive materials will damage the surface finish or remove the sealants. No bleach -or ammonia-based products should be used.
